HERMAN POST, To Owners of Town or Farm

Property, in Decatur, III.

I am in want of some improved property in the town of Decatur; also one or two improved farms, in the country, I offer in exchange some of my Evanston property, which is choice, and lying between two depots. Evanston is well known as the most popular suburban town out of Chicago having now a population of about 10,000 and rapidly increasing. Its property, as an investment, is more destrable than Chicago property, as taxes are nominal, and increase of values more rapid. Water works and gas are now in. Owners and agents are invited to correspond with me. M. PAYNE,

Dr. R. V. Princer, Beffalo, N. Y.:

Dear Sir—It is with a happy heart that
I pen these lines to acknowledge that
you and your Golden Medical Discovery
and Purgative Pellets are blessings to
the world. These medicines cannot be
too highly praised, for they have almost
brought me out of the grave. Three
months ago I was broken out with large
ulcers and sores on my body, limbs and
face. I procured your Golden Medical
Discovery and Purgative Pellets, and
have taken six bottles, and to-day I am
in good health, all those ugly ulcers having healed and left my skin in a natural,
healthy condition. I thought at one
time I could not be cured. Although I
can but poorly express my gratitude to
you, yet there is a drop of joy in every
word I write. God's blessing rest on
you and your wonderful medicines, is
the humble prayer of

Gourley, of Springfield, for \$56.72. Wendel thought that the pocket-book might have slipped out of his pocket on to the scat he occupied in the car. He hurried back and after a thorough search he convinced himself that it was not to be found on or near his seat, and began questioning the passengers on the train. Mr. Wendel then went out, and in company with a night policeman, made a search for the thief, but no man answering his description could be found. Up to the present writing Wendel has not heard anything of the thief, but crime will out, and if the rascal does escape justice for a short time it is hardly to be expected that he

Aver's Sarsaparilla

Is widely known as one of the most effectual remedies ever discovered for cleansing the sys-tem and purifying the blood. It has years, with a constantly growing rep-utation, based on its intrinsic virtues, and sustained by its re-

markable cures. So mild as to be sate and beneficial to children, and yet so searching as to effectually purge out the great cor-ruptions of the blood, such as the scrottlens and syphilitic contamination. Impurities, or diseases that have lurked in the system or diseases that have linked in the system for years, soon yield to this powerful anti-dote, and disappear. Hence its wonderful eures, many of which are publicly known. of Scroftla, and all scrofulous diseases, of Scrofula, and all scrofulous diseases, Ulcers, Eruptions, and eruptive disorders of the skin, Tumors, Blotches, Bolls, Pimples, Pustules, Sores, St. Anthony's Fire, Rose or Erystpelas, Tetter, Salt Rheum, Scald Head, Ringworm, and internal Ulcerations of the Uterus, Stomuci, and Liver. It also cures other complaints, to which it would not seem especially adapted, such as Dropsy, Dyspepsia, Fits, Neuralgia, Heart Disease, Female Weakness, Debility, and Leucorrhea, when they are manifestations of the scrofulous poisors.

It is an excellent restorer of health and strength in the Spring. By renewing the

strength in the Spring. By renewing the appetite and vigor of the digestive organs, it dissipates the depression and listless languor of the season. Even where no disorder appears, people feel better, and live longer, for cleansing the blood. The system moves on with renewed vigor and a new lease of life.
